EDUCATION

Wilfrid Laurier University | Hons. BSc Computer Science
- Laurier Entrance Scholarship of $2,500 for achieving a 88% average.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML/CSS, C, React, SQL
Frameworks/Technologies: MySQL, VS Code, Eclipse, NetBeans, RStudio, Microsoft Excel

PROJECTS AND EXTRACURRICULARS

Sneaker Website | Javascript, HTML, React, CSS
- Developing a sneaker website using JavaScript, HTML, and React showcasing interactive features such as a dropdown menu including the main page, account reviews and a tab for available inventory.
- Creating an appealing design by incorporating modern design trends such as minimalistic layouts with high-resolution imagery and well blended color schemes, as well as custom hovering animations
- Enhanced cross-platform usage by including responsive web design from smartphones to desktops, ensuring consistent functionality and quality. Applied easy accessibility, including screen reader compatibility, and adjusted dropdown menu.

GUI Youtube Downloader | Python, Tkinter, CustomTkinter, Pytube
- Configured a desktop application leveraging Python and the Pytube library to facilitate the downloading of YouTube videos for fre, ensuring secure data transfers with SSL certification via the 'certifi' package.
- Crafted an engaging user interface with Tkinter and CustomTk inter, featuring real-time download progress tracking and dynamic feedback mechanisms for enhanced user interaction and error handling.

Modern GUI Calculator | Python, Tkinter
- Developed a Python program to solve simple mathematical problems such as arithmetical equations
- Designed a user-friendly GUI using Tkinter. The interface provides straightforward functionality and a clear format for inputting equations and displaying results, making it accessible for beginners and providing a seamless user experience.

Personal Portfolio Website | Javascript, HTML, CSS, React
- Developed a comprehensive personal portfolio website to effectively display my software development projects, technical skills, and educational achievements.
- Features an intuitive design that seamlessly adapts to various devices, incorporating interactive elements like a dynamic dropdown menu tailored for optimal usability and engagement across smartphones to desktops.
- Integrates direct links to my GitHub and LinkedIn profiles to display professional connectivity and showcase my coding portfolio first-hand.

Hackathons
- HackHawks Participant (2024)

WORK EXPERIENCE
